

MUHAMMAD JUNAID KASMANI

Frontend Web Developer

✉ imjiskasmani@gmail.com ☎ +92-300-0171096 📍 Karachi, Pakistan 🌐 mjiskasmani

PROFESSIONAL SUMMARY

Frontend Web Developer with 5+ years of experience building scalable, high-performance web applications using React.js and Next.js. Strong expertise in modern frontend architecture, state management, responsive UI development, and API integrations (REST & GraphQL). Proven ability to deliver clean, maintainable code in Agile environments while leveraging AI-powered tools to improve productivity and development speed.

PROFESSIONAL EXPERIENCE

Senior React Developer, *Invoxa Tech Solution*

07/2026 – Present

- Develop responsive POS interfaces optimized for speed and reliability in high-transaction retail environments
- Collaborate with backend teams to integrate real-time inventory, billing, and payment APIs
- Build reusable, modular UI components to speed up POS feature development
- Ensure cross-device compatibility across POS terminals, tablets, and desktop displays

JS Developer, *NextChainX*

06/2024 – 06/2026

- Develop and maintain scalable frontend applications using React.js and Next.js
- Implement Redux-based state management to improve application performance and user experience
- Integrate REST APIs and MongoDB for data-driven features
- Build responsive and reusable UI components using Tailwind CSS and Chakra UI
- Add smooth animations and interactions using Framer Motion
- Collaborate with cross-functional teams in an Agile, Ubuntu-based development environment

Senior Frontend Developer, *The Softcube*

04/2023 – 05/2024

- Delivered high-quality React.js applications aligned with client and business requirements
- Designed component-driven architecture to improve scalability and reduce development time
- Optimized frontend performance, bundle size, and loading speed
- Implemented accessible and pixel-perfect UI following best practices
- Mentored junior developers and conducted internal knowledge-sharing sessions

Frontend Developer, *Appoon LLC*

01/2022 – 03/2023

- Developed responsive web interfaces with a focus on mobile-first design
- Integrated RESTful APIs in collaboration with backend teams
- Implemented advanced CSS animations and transitions
- Actively participated in Agile/Scrum ceremonies and code reviews

UI/UX Developer, *Digital Gravity*

03/2021 – 12/2021

- Built intuitive and responsive user interfaces using HTML, SASS, and JavaScript
- Improved website performance and achieved high Google PageSpeed scores
- Participated in client meetings for requirements gathering and design presentations

UI Developer, *Creative Drop*

07/2020 – 02/2021

- Developed and maintained client websites using HTML5, CSS3, and Bootstrap
- Ensured cross-browser compatibility and responsive layouts
- Collaborated with marketing teams to build high-conversion landing pages
